Coated PANTONE® Simulations

Wilflex color formulations for screen process printing produce only simulations of PANTONE® Colors in this color reproduction method due to differences in ink film, opacity, pigment selection, and substrate. The pigment selection used in blending screen process inks may cause metamerism. Pantone, Inc. assumes no responsibility for formula accuracy. PANTONE® is Pantone, Inc.'s check-standard trademark for color. Portions© Pantone, Inc. Wilflex inks are manufactured by PolyOne Corporation.
